OSA-4844-63

MEMORANDUM FOR: Chief, Support Division, OSA

25X1A ATTENTION : Chief, Personnel Branch, OSA  
SUBJECT : Assignment of [redacted]

25X1A

1. Request action be taken to assign [redacted]  
[redacted] to Detachment G as the materiel officer upon  
the completion of the duty tour of [redacted]

25X1A

2. [redacted] assignment to Detachment G will  
immeasurably assist in mission accomplishment in that he will  
be able to function productively immediately upon reporting for  
duty. Experience indicates that a replacement secured through  
normal USAF channels would require at least one year to produce  
effectively due to the peculiarities of our special type mission.  
I feel the elimination of the "break in" period and [redacted]  
[redacted] extensive Project Headquarters experience with the  
REALIST Program more than justifies the approval of the request.
